

## Saw Training and Certification Program Vision & Purpose Statements

### **Vision Statement:**

The PCTA Saw Training and Certification Program aspires to preserve trail access, safety and enjoyment for all trail users and to cultivate citizen stewardship of the trail. We do this by providing world-class skill development for a diverse and passionate cadre of sawyers, saw instructors, and instructor-evaluators in a fun, respectful and inspiring environment and by striving for shared ownership in all our endeavors.

### **Purpose Statement:**

The purpose of the PCTA Saw Training and Certification Program is to provide a safe, self-sustaining, and accessible program for training and certifying sawyers and instructors, balancing the need for trail-wide consistency in training content and quality with variations in regional needs.
